PHARMACY TECHNICIAN PROGRAM

A **Pharmacy Technician** is an allied health specialist employed within a pharmacy to perform a variety of duties related to preparing and dispensing drugs under the supervision of a registered licensed pharmacist. As of 2001, all Pharmacy Technicians must be certified.

Successful completion of this course prepares the student to become certified through the National/State Pharmacy Technician Certification Board Examinations given throughout the year.

At the end of each course a five-hour comprehensive review for the Board Examinations will be held.

In this course, you will learn:

- *Medical and Pharmaceutical Terminology*
- *Math Calculations*
- *Pharmacy Law and Ethics*
- *Aseptic Techniques*
- *Pharmacology*

**Saturday classes forming
now!**
